

NE J Street Interchange Project

Bentonville, Arkansas

What's Next?

Comments Received

The **City of Bentonville**, the **Federal Highway Administration (FHWA)** and **ARDOT** invite interested individuals and entities to provide comments on the design plans and the EA. The public comment period began **July 28, 2024** and will extend until **September 13, 2024**.

Schedule

After a **review of comments** received from citizens, public officials, and public agencies, if it is determined that there are not significant impacts associated with the design, a **Finding of No Significant Impact (FONSI)** document will be prepared and submitted to FHWA. If the FHWA issues a FONSI, it will identify the design and conclude the NEPA process. Construction is anticipated to begin in early 2026 and continue for approximately two years.
